

URGENT: our nations have been sold to an agenda for GLOBAL GOVERNANCE through the United Nations.

**“Her Majesty’s Government are fully in agreement with world government.
Step by step we will strive towards that goal.” – All Party Parliamentary Group**

The One World Trust was founded by British MPs in 1951, and since its conception has acted as the secretariat for the All Party Parliamentary Group (APPG) for World Governance and to continue pushing the UN agenda. – <https://www.oneworldtrust.org/>

In 2000, 189 nations signed a memorial resolution to strengthen the UN and the power the UN holds over our individual nations including international law and all corrupt agendas being pushed by the UN and their partnering influencers. – <https://www.un.org/en/conferences/environment/newyork2000>

The UN’s goal is to insert itself into every nation on earth and be the controlling force that brings the world under submission of a **one world governance**. The UN work side by side with many organizations to bring this about, including the One World Trust and the World Economic Forum, headed by Klaus Schwab who is leading the way towards global submission of a privitised ruling class.

It is very clear, through reading the UN Charter, that they were not written to bring about peace, but to keep the world in a perpetual state of war to achieve its goal. For in peace, there is no need for a global governing body. A global governing body would only be required in the case of a global crisis, of which we need not have if each nation was focused on the health and wellbeing of its own nation, free from the manipulation of corrupt forces with global agendas and international finance.

It is important to note that there were three main authors of the UN’s Charter. Alger Hiss, an American and **dedicated communist** who was caught spying for the Soviet Union, Leo Pasvolsky, Russian born American and member of the Council on Foreign Relations that promoted a world government and Vyacheslav Molotov, **an official of the murderous Soviet Union** whose criminal leaders expected the United Nations to bring about a world under communism.

That is what we are witnessing unfold today. It’s time the people united to destroy the real virus infecting our nations.

EVICT THE UN NOW.
