

EVICT THE UN NOW

Founded by and on COMMUNISM.

Controlled by the **FINANCIAL SYSTEM** which has kept the world trapped under **FEUDALISM**—a slave system.

WORLD GOVERNMENT is their agenda.

In 2000, 189 nations signed a memorial resolution to strengthen the power of the United Nations of which Australia is a founding member. UN armed forces have immunity from all local laws and have committed heinous crimes against humanity, raping and pillaging nations where they are sent on “peace keeping” operations.
